Petition Number	Petition Name	Petition Text	Number of Signatures
1	Petition for Increased Safety Along Wolf Road and No to 5 Lanes	<p>We, the concerned residents of Indian Head Park, ADAMANTLY SUPPORT the proposed increased pedestrian safety along both sides of Wolf Road between Plainfield Road and 79th Street.</p> <p>We request that COOK COUNTY, the VILLAGE OF INDIAN HEAD PARK, and STRAND ENGINEERING do what is right for our children's safety and for all our community members safety. We NEED a safe route to school for all Children. We NEED a safe route for pedestrians along Wolf Road.</p> <p>We also are against the 5 lanes alternative for Wolf Road.</p>	11
2	Petition for Increased Safety Along Wolf Road	<p>We, the concerned residents of Indian Head Park, ADAMANTLY SUPPORT the proposed increased pedestrian safety along both sides of Wolf Road between Plainfield Road and 79th Street.</p> <p>We request that COOK COUNTY, the VILLAGE OF INDIAN HEAD PARK, and STRAND ENGINEERING do what is right for our children's safety and for all our community members safety. We NEED a safe route to school for all Children. We NEED a safe route for pedestrians along Wolf Road.</p>	9
3	Petition to Oppose Expansion of Wolf Road in Indian Head Park, Illinois	<p>We, THE concerned residents of Indian Head Park, ADAMANTLY OPPOSE the proposed Expansion of Wolf Road (between Plainfield Road and 79th Street) (Alternatives 1 and 2) as presented. The residents have not been provided enough detail or scope of the project in the materials/drawings presented to the residents.</p> <p>We request the VILLAGE OF INDIAN HEAD PARK, COOK COUNTY, and STRAND ENGINEERING reset, redesign and provide the residents with more data and a detailed project scope to understand the impact on the community and the environment. The VILLAGE OF INDIAN HEAD PARK, COOK COUNTY, and STRAND ENGINEERING owes the residents a plan that melds into the current treescapes, that does not mar our community with increased car and semi-truck traffic which presents safety and air quality issues, that does not impede on residents' personal property, that does not create added consequences of storm water runoff and does not reduce the property values of the community.</p>	744
