I Disagree, There is no way the village or county will replace mature trees. It would take decades for a 4" diameter tree to grow as a replacement. Some of the mature trees along Wolf Rd would be killed (even if they're not initially removed). Their root systems will be destroyed. I Disagree, \$530,000 is nothing. Surely their values will go down with a sidewalk and road so close. BIG issue is trucks down Wolf make it truck u friendly the expectation of the village of the Acacia townhomes. They are already too close	Community Follow Up Community Follow Up Community Follow Up Initial Comment Community Follow Up Community Follow Up Community Follow Up Community Follow Up	377664 377696 377766 377909 455683 376691 376721 376799 376907	369903 369907 369992 370219 367683 367516 367574 367962 368175	11/4/2023 11/4/2023 11/6/2023 11/9/2023 9/28/2023 10/3/2023 10/4/2023 10/6/2023	-1	6

	I Agree this will have a huge impact on property values. The best thing to do would be for the village to							
Property	build a tall privacy fence along wolf road and increase the landscaping. We need a reduction in noise		275000	0.5075.4	40/44/0000

A right truck turn lane off Plainfield going south on Wolf is dangerous with a child on a bike approaching that right corner next to a truck. This is an accident waiting to happen. I Agree Sidewalks and multi use paths will greatly improve safety and are sorely needed. Our quality of life will improve greatly. Not sure more rules and regulations would benefit pedestrian. Let's not forget UPS is located nearby. I seen semis make left turns onto 79th from willow springs rd. Needless to say attentive drivers prevented a would be accident by backing up to give the semi more space and cars on willow springs rd stopping during a green light to afford more time for the semi to make his turn. There could be many engineering	Community Follow Up Initial Comment Community Follow Up	377943 455686 376694 376728 376746 376703	367683 367516 367574 367962 367968 367977 368214	9/28/2023 10/3/2023 10/4/2023 10/4/2023 10/3/2023 10/3/2023 10/3/2023	8	9	1
455686 Bike 455686 Bike 455686 Bike 455686 Bike 455686 Bike 455686 Bike	bikers. We have all kinds of bikers in IHP and the surrounding area A bicyclist was killed a couple years ago while riding her bike on Wolf Road by a truck that made a right turn on 79th Street. I Agree, I support the reduction of vehicular and truck traffic in residential areas (Wolf Road from Plainfield Road to 79th Street) Bike or sidewalk needs to be installed on both sides of the road. After it's installed a person could get to Bemis woods and continue to Brookfield Zoo. I agree that truck traffic should be restricted (as much as possible) on Wolf Road. There is absolutely no need for a bike/multi use path on Wolf Road. A bridge is planned for Brainard Ave over Joliet Rd. This will connect the multi use path north of Joliet Rd to the forest preserve south of Joliet Rd. That will allow cyclist to connect to the bike paths to the south. Truck traffic has no place in residential areas, particularly near schools and parks. Signage is necessary. Restrictions are necessary and must be enforced. This will be a bike lane to nowhere, there isn't a bike lane North of Plainfield on Wolf at ALLI North and South of Plainfield on Wolf is 2 LANE, Wolf should be 2 Lane. 455686 Bike	bikers. We have all kinds of bikers in IHP and the surrounding area A bicyclist was killed a couple years ago while riding her bike on Wolf Road by a truck that made a right turn on 79th Street. I Agree, I support the reduction of vehicular and truck traffic in residential areas (Wolf Road from Plainfield Road to 79th Street) Bike or sidewalk needs to be installed on both sides of the road. After it's installed a person could get to Bemis woods and continue to Brookfield Zoo. I agree that truck traffic should be restricted (as much as possible) on Wolf Road. There is absolutely no need for a bike/multi use path on Wolf Road. A bridge is planned for Brainard Ave over Joliet Rd. This will connect the multi use path north of Joliet Rd to the forest preserve south of Joliet Rd. That will allow cyclist to connect to the bike paths to the south. Truck traffic has no place in residential areas, particularly near schools and parks. Signage is necessary. Restrictions are necessary and must be enforced. This will be a bike lane to nowhere, there isn't a bike lane North of Plainfield on Wolf at ALLI North and South of Plainfield on Wolf is 2 LANE, Wolf should be 2 Lane. A right truck turn lane off Plainfield going south on Wolf is dangerous with a child on a bike approaching that right corner next to a truck. This is an accident waiting to happen. I Agree Sidewalks and multi use paths will greatly improve safety and are sorely needed. Our quality of life will improve greatly. Not sure more rules and regulations would benefit pedestrian. Let's not forget UPS is located nearby, I seen semis make left turns onto 79th from willow springs rd. Needless to say attentive drivers prevented a would be accident by backing up to give the semi more space and cars on willow springs rd stopping during a green light to afford more time for the semi to make his turn. There could be many engineering controls built to prevent similar accidents. A Iths student was killed last year by a similar situation on willow springs rd and 47th. We c	Community Follow Up Initial Comment Community Follow Up	377943 455686 376694 376728 376703 376706 376822 377650 377620 377647 377699 377793	367683 367516 367574 367962 367968 367977 368214 368963 369877 369892 369907 369956	9/28/2023 10/3/2023 10/4/2023 10/4/2023 10/3/2023 10/3/2023 10/3/2023 11/4/2023 11/4/2023 11/4/2023 11/6/2023	8	9	1

	I Disagree, is this amount misleading? Did the village allocate / ear mark a budget to replace the mature native trees cut down along the tollway and Plainfield road, above what the tollway and county can do?							
	Why do the trees need to be lost to construction? What about the trees that will die in the years							
	following a torn up and expanded roadway? How many trees did the village intend to replace along the							
455688 Trees	2.3 miles of Wolf Road? I Agree, the past board had a goal of \$1,000,000 for landscaping. We need to hold the current board to	Community Follow Up	376690	367516	10/3/2023			
	that goal. Also, Cook County is planning on replacing every tree 4' in diameter and larger that is lost							
455688 Trees	during construction.	Community Follow Up	376719	367574	10/4/2023			
	The 100 year old tree at Wolf & Blackhawk was spared during last Wolf Road project years ago. The							
	landscape was respected and mature healthy trees were not destroyed. This should be the goal. Planning is not cookie cutter for everyone community. IHP is unique and its character should be							
455688 Trees	maintained in any street and landscape plan. We are a tree city.	Community Follow Up	376758	367968	10/5/2023			
	I think the village could do a lot more than what the County can do or will do along the Wolf Road							
	corridor, and that is why the village started to save and allocate money for this project. I think a village lead solution something like what Timber Trails has done along Wolf and Plainfield Road would be							
	wonderful for our community. Fence or no fence, trees, shrubs, landscaping, hardscaping, could be							
	designed and done to make Wolf Road look so much better. I personally think a fence like Timber Trails							
	should be allowed along Wolf Road, and if the village leads the effort it could be consistent and uniform all along Wolf Road. If we had something like, but not the same as Timber Trails along Wolf Road it							
	would increase property values, offer more of a barrier to properties along Wolf Road and again in my							
455688 Trees	view look great.	Community Follow Up	376809	368053	10/9/2023			
455688 Trees	I would be curious how many wonderful trees that are viable there actually are along Wolf Road. What is an 'evasive' species? With such a skimpy budget the replacement trees will be about as big	Community Follow Up	376750	368058	10/4/2023			
	around as my wrist! Unacceptable plan. Should try to weave a sidewalk on the east side of most of the							
455688 Trees	current vegetation. Side walk will be no loser that 'city' sidewalks generally	Community Follow Up	376917	368175	10/12/2023			
455688 Trees	no amount of extra landscaping will be able to replace what we currently have. \$530,000 would only cover small plantings	Community Follow Up	376830	368271	10/10/2023			
	There needs to be increased transparency around the amount of money the county will contribute and				,,			
	which trees will be replaced. Such transparency would increase support for any changes. The village also							
	needs to allocate additional funds for landscaping. The current budget seems small unless the county's contributions are substantial (which feels unlikely). The arguments that invasive species should be saved							
455688 Trees	to make it seem woodsy are misguided.	Community Follow Up	376986	368702	10/14/2023			
	I have talk a successful and the second of t							
	I Agree. It's great the village is saving money for landscaping. The invasive (not evasive) trees and shrubs need to go. To have progress sometimes it is necessary to remove and change the things we know.							
	Residents were concerned when a sidewalk was planned for Acacia Drive. They claimed riff raff would							
	infiltrate the town, property taxes would increase and property values would decrease. These things							
455688 Trees	didn't happen, but the sidewalk did go in. The end result is safe and beautiful I'm grateful to those who had the courage to do the right thing in the face of so much adversity from a very vocal minority.	Community Follow Up	377656	368963	11/4/2023			
	Unfortunately many of the mature trees along Wolf Rd. are more than 12 inches in diameter, no amount				, ,,			
	of money will be able to replace these trees with anything comparable. The work that the roots of these							
	trees do for drainage, and the size of these trees helps with noise and air pollution for the Wolf Rd. residents who will be very adversely affected by the current plan. There is no way to make it right for							
455688 Trees	these residents by clear cutting all the trees on Wolf Rd.	Community Follow Up	377178	369322	10/23/2023			
AFFCOO Troop	I Agree, but full transparency is required to understand why so much funding is necessary to replace	Community Follow He	277576	20020	44 /2 /2022

455689 Pedestrians	We are losing more trees than we replace. It's very sad. Just look at all the nice trees we lost in timber trails. Very very sad. No safe way to cross Wolf foad for pedestrians going from the west side (old town) to the east side (Acacia/Wilshire Green). I agree, this is another location where a safe crosswalk, lower speed limits, and natural preservation would benefit the community. I Agree, there is no safe way for 45 and Old Town kids to get to school. Highlands or Pleasant Dale. Once Wolf Rd provides a safe way for them, they will also be able to get to both LT campuses safely as well. I Agree. This issue exists though out the entire stretch of Wolf road running through out Indian Head Park. I Could be wrong but I understood that there is a designated easement between homes in 45 acres which allows kids to walk to the Plainfield sidewalk which will also have a bike path and catch the bus for Lyons T. H.S. or walk to the corner where the crossing guards are on both sides of the street to help kids get to Highlands. I Agree. To the commenter who stated "there is a designated easement between homes in 45 acres which allows kids to walk to the Plainfield sidewalk which will also have a bike path and catch the bus for Lyons T. H.S. or walk to the Corner where the crossing guards are on both sides of the street to help kids get to Highlands." currently there is no such easement. There is no safe way for 45 acres children to safely go north or south from our neighborhood without crossing through peoples yards, or walking or Diviners on Wolf Road doing the very narrow asphalt right-of-way or edge of road. Diviers on Wolf Road drive very fast, and once the daylight savings time ends, kids are practically coming home from school in the dark I Agree, vehicles never follow the posted speed limits and always cross over the restricted lines when turning left onto Joliet Road. It is a safety concerns for every resident turning left off wolf road to Cochise. 	We could be well served by having a sidewalk on one side of Wolf Rd. This would be very similar to Wolf							
	Rd. North of Plainfield, where the sidewalk begins on the East side of Wolf, then the sidewalk on the east side ends and you cross over at 59th St, to the West side of Wolf where the sidewalk continues.							
455691 Safety	Something similar would serve us well	Community Follow Up	377170	369322	10/23/2023			
	·	·, · · · · · · · · · · · · · ·	• •		,			
	The team explored safer alternatives such as limiting the number of points of contact on Wolf Road as							
	was done at Indianwood Lane and Plainfield Road, where one of the entry points was eliminated. Between Cochise, Eastgate, Thunderbird, Big Bear, Algonquin and Acacia Dr North and South the							
	number of these intersections could be reduced from 7 to 3 or 4. This would decrease the number of							
	points of contact on Wolf Road which would increase safety while not inconveniencing drivers. We feel							
	the board should demand more innovative options, rather than the cookie cutter version that have been							
	provided to date.							
	In the study, there was a projected increase in traffic along Wolf Road, north of Joliet Road to increase 10,900 vehicles per day to 12,900 vehicles per day. The study was based on 2019 traffic patterns. This							
	was prior to COVID-19. Studies have shown that vehicle traffic was down roughly 40% in the US during							
	COVID. Traffic remains reduced post-COVID due to the increase in remote work. I believe that the team							
4EEG01 C-f-+	should recalculate future traffic projections to account for the reduced traffic due to remote work	Community F-II-	277427	26000=	10/24/2222			
455691 Safety	before proceeding with the design for the expansion of Wolf Road. I Agree. It would also not be safe to have a multi-use bike path on the west side of Wolf Road due to the	Community Follow Up	377427	369695	10/31/2023			
	many driveways that need to exit onto Wolf road. As it is now it is difficult to pull out due to the speed							
	of the cars and trucks and visibility with the dip in the road just before the Acacia entrance. I think a							
	sidewalk would be better suited for the west side of the street, bikers will hopefully be more cautious							
	when using a sidewalk than a multi-use bike path. There is not a multi-use path on Wolf road until you get passed Ogden Ave, near the woods and that is probable due to the many houses that are on Wolf							
	road through Western Springs. It is a safety concern, a sidewalk would enhance the community much							
455691 Safety	more than a path.	Community Follow Up	377555	369800	11/2/2023			
	I Agree! HOWEVER, widening the street is not the answer, but rather adding a sidewalk on one side of							
	the street only (east side of Wolf Rd being the most logical location), would be the most appropriate solution. Only 5-6' of width for a sidewalk is required per US Dept of Transportation and FHWA safety

This would fix the tree triming issue going forward. I Agree. And the mix of weed trees and brush makes turning left or right from the 45 acres area difficult when they are very overgrown. A more landscaped approach would not only look good, but allow for safer turns onto Wolf Road. Their method of trimming is TEARING not cutting. Looks horrendous. WHO authorizes that? County must be cheating out since everyone has already seen how Cook County "trims back" the growth along Wolf Road, what would make us believe anything will be greatly improved when/if they replace plantings? who will tend these new plantings? I Agree the way trees and brush are trimmed/cleaned up is awful. But even if it is replaced with something better who would make sure it gets trimmed properly. I Agree	Community Follow Up Community Follow Up Community Follow Up Community Follow Up Initial Comment Community Follow Up	376915 377649 377684 455698 376689 376678 376718 376740 376909	368175 368963 369907 295289 367516 367574 368058 368175 368271 368633	10/12/2023 11/4/2023 11/4/2023 11/4/2023 9/29/2023 10/3/2023 10/4/2023 10/4/2023 10/12/2023 10/10/2023	9	10

I have driven, ridden a bike and walked to Walker Park many times, but mostly driving due to the unsafe conditions. For the 4th of July events, it is much faster to walk, and a little more safe because with the large traffic jam of cars trying to go north, it takes forever to drive home in IHP. I have played basketball at the Walker courts to try to get some exercise, and having a safer way to ride a bike down would be great. I have walke	Community Follow Up Community Follow Up Initial Comment Community Follow Up Community Follow Up Initial Comment Community Follow Up Community Follow Up Community Follow Up Community Follow Up	377485 377695 455715 377036 376951 376982 455716 376751	369735 369907 368058 340465 368633 368702 368058 367962	11/1/2023 11/4/2023 10/4/2023 10/16/2023 10/16/2023 10/14/2023 10/4/2023 10/4/2023

I Agree This neighborhood has terrible walkability - children cannot safely walk or bike to school without cutting through multiple yards and riding and walking on streets with no protection from cards. There is no safe way to walk or bike to the church and business district to the south. I Agree, sidewalk and bike path are desperately needed along Wolf I Agree - but that is the nature of the streets in iHP. This area of iHP has narrow roads with little to no shoulder. Even if there was a sidewalf/path on Wolf Road they would still need to travel to get to it. I Agree. There is no safe way to get to the Park District from most of the Indian Head Park community without driving. The fact is that this area was not designed to be walkable. IHP, Willow Springs, Countryside and Burr Ridge are spread out over distances that are not walkable for most people. I can't imagine people/children lugging their sporting equipment on foot from these suburbs to the Park District. Which makes vehicles the most efficient method of transportation. There is a sidewalk on the west side of the street (Burr Ridge side). There is no sidewalk from 72005 to approx 7350S on the east side (Indian Head Park side). There are Com Ed vaults in the ground at 7300S (east side) so widening Wolf here is nearly impossible. There are drainage issues at 7300S on Burr Ridge's West side of Wolf ' often prompting the sidewalk and road to be closed. DRAINAGE issues must be addressed in any plan. I have driven, ridden a bike and walked to Walker Park many times, but mostly driving due to the unsafe conditions. For the 4th of July events, it is much faster to walk, and a little more safe because with the large traffic jam of cars trying to go north, it takes forever to drive home in IHP. I have played basketball at the Walker courts to try to get some exercise, and having a safer way to ride a bike down would be great. I have walked to Walker Park to do the outer loop and walking along Wolf Road now is	Community Follow Up Community Follow Up Initial Comment Community Follow Up Community Follow Up Initial Comment Community Follow Up Initial Comment Community Follow Up	377485 377695 455715 377036 376951 376982 455716 376751 376757 376814 376743 376921	369735 369907 368058 340465 368633 368702 368058 367962 367968 368953 368060 368175 368214	11/1/2023 11/4/2023 10/4/2023 10/16/2023 10/13/2023 10/14/2023 10/4/2023 10/4/2023 10/4/2023 10/4/2023 10/4/2023			

	I Agree. Currently the most southern IHP residents (e.g., Indian Woods and Flagg Creek Condos have to							
	walk in street for pavement or slop through dirt and mud to visit a park just a block away. Safety is a major concern!

I didn't think so. I Agree I Agree No safe way from the south other than driving to the plaza I Agree No safe way from the south other than driving to the plaza I Agree - the plan covers a safe crossing of Joliet Road. I guess people do not know that people cross Joliet Road today as it is. I do not think the initial post for this comment said anything about kids going to the vape shop - or to the video poker machines or to one of the places to buy alcohol. There is also a small grocery store and candy store in the plaza. Cafe Express sells pizza. There also was a place for karate or something similar. ThOSE are all places kids frequent. I Agree - walking north on Wolf Road is very unsafe, please address this! I Agree I Agree, would be nice to walk down to get a beer at Wolf's Head or Capril Then walk home and not worry about getting a DUI. Walking along side Joliet Road can be dangerous. I Agree Sidewalks or not, too much heavy truck traffic to walk along Joliet. Will we be be paving the way for residents of Briar Place to visit us in 45 acres? I Agree. We need sidewalks. Lots of people live in this area and we have to drive a car to go less than 2	Community Follow Up Initial Comment Community Follow Up Community Follow Up	377463 377483 377608 377694 377703 377731 377767 377831 377940 455731 377035	369995 369939 369907 369909 369995 369992 370065 370243 368053 340465	10/31/2023 11/1/2023 11/3/2023 11/4/2023 11/4/2023 11/5/2023 11/6/2023 11/10/2023 10/16/2023 10/16/2023	4	5	1

Community Circle (1)	455862 Safety	need to look at dedicated turn lanes on the roadway for major entrances and come up with a unique plan also utilizing the land that IDOT owns at the North East corner of Joliet and Wolf. Why encroach on West side of Wolf - why not inquire with IDOT about using some of their land to expand the turn lanes using area instead of Cook County taking land from a resident on the West side of the road. This was never even mentioned or discussed in 2022. I agree. If a TWITL were added the entire length of Wolf Road between Joliet Rd and Plainfield Rd this TWITL would quickly become a passing lane, which would be much less safe than the existing configuration of Wolf Rd. The addition of a TWITL would likely speed up traffic on Wolf Rd. Every day I		377205	368492	10/24/2023

455867 Safety bridge repair or replacement over a creek????? Community Follow Up 377609 369839 11/3/2023 There is no sidewalk from 7200 to the park on the east side of the street. There are many school age children who walk to the park and/or school from Flagg Creek condo. Chestnut and Indian Woods. Flashing light (or a better way to cross) should be engaged regardless of school hours in session, since the park has users all during the week. 1 Agree- having a pedestrian path on both sides of Wolf Road will be great for school age children. Community Follow Up 37703 368053 10/16/2023 4 5 1 1 Agree- For residents of Chestnut on the Green, Flagg Creek Condos, and Indian Woods Townhouses, the lack of pedestrian access on the East side of Wolf Road is a serious problem. Children attending school at Pleasantdale Middle School and/or activities at Pleasantdale Park District and it's facilities do not have a safe way to walk there and back. The safety crossing between the school and park district building is nice, but again, not accessible for the children East of Wolf. Crossing Wolf Road to use the West sidewalk is dangerous, especially at the 72nd street intersection. The extension of the sidewalk to the August Safety of kids, older people, everyone walking and biking is a priority. All along Wolf Road there is landscaping that includes trees, bushes and unfortunately some invasive species too. In any plan this needs to be addressed as to what will be removed, what can be saved and what will replace anything removed. While it might not be the most attractive it provides many things: noise reduction from traffic, privacy for owners living along Wolf Road, reduces pollution from trutus and cars. It would be helpful to have the landscape plans included in any proposal from the county before the langer, this is a huge concern for the Wolf Rd. residents. We also need to be environmentally	,	I Agree. I understand repair is to occur soon (how soon is unknown) but also the work must be done quickly, efficiently. It's the only direct way in and out for southern IHP. We can't afford to let them drag				, , ,

	From this point north to Plainfield, there is a sidewalk already in pace at a safe distance from the						
	roadway, which could be repaired and potentially made wider. The only upgrade needed is a sidewalk						
455004 1	extending from Hiawatha to Sequoya on the west side, and a ped-activated crossing provided at both		45	0.00	40/05/		
455921 Idea	Hiawatha and Sequoya (replacing the one at the Heritage Center).	Initial Comment	455921	368226	10/20/2023	-1	2
	I Agree, I like this idea. I would even suggest that we don't need anything wider than a sidewalk. From						
	every direction leading to Highlands we have only sidewalks, no 10 ft. paths. Even the new sidewalk						
455921 Idea	they installed this summer from Plainfield to the back of the school is a standard sidewalk.	Community Follow Up	377169	369322	10/23/2023		
	I agree with both of these comments. We should take advantage of the existing infrastructure and build		3103	- 33322	,,		
	on what we already have. Five ft sidewalks are sufficient for walking and biking to school. The						
	surrounding towns like LaGrange, Western Springs do not have 10 ft wide sidewalks and bike paths as						
	they do not match up with the neighborhoods. A ped-activated crossing would marry up well with the						
	existing sidewalk on the east side of Wolf Rd without the expense and unnecessary nature of a widely						
455921 Idea	expanded Wolf Rd.	Community Follow Up	377449	369695	10/31/2023		
	No need to make the east sidewalk wider. If you put a ped-activated crossing at both Sequoya and	_					
	Hiawatha, then I see no need for a west sidewalk. The only potential problem is that we would need two						
455021 Idoa	crossing guards here instead of just the one we currently have. I would rather keep the crossing where it is and add a 'standard' (not 10 ft wide) cidoually to the work side between Security and Highest ha		277400	260727	11/1/2022

There is no safe way to Highlands school. I Agree I Disagree - it takes time for vegetation/trees/bushes to grow and Brainard currently has no Buckthorn or Honeysuckle alongside the path. I believe the village has money to make the landscaping look better than what the County can do, like along Ashbrook or Timber Trails. I Disagree. Safety and the increasing population of families with young children should take precedence Trees will grow over time. I Disagree, the village can do better landscaping over and above what the County can do. Allow fencing along Wolf Road, uniform and the same type, would look great! If a mixed-use path were to be constructed on the west side of Wolf Road between Joliet Road and Plainfield Road it would potentially create very serious safety issues as this section of road has SIX streets intersecting from the west with TWELVE driveways entering the road from the west. This would be a total of 18 contact points with the mixed-use path in a 0.9 mile length of road. This seems very dangerous to me. To improve visibility the county would potentially remove all trees, bushes and berms which would result in a road uncharacteristic with the charms of our village. I Disagree I don't think a mixed-use path is needed on either side of the street. A standard sidewalk to suffice. From one perspective, it would be safer on the east side of Wolf. However, this causes some issues of	Community Follow Up Initial Comment Community Follow Up	377623 377642 377685 377723 377948	369887 369887 369907 369935 370243 369695 369735	11/4/2023 11/4/2023 11/5/2023 11/10/2023 10/31/2023 11/1/2023	-6	1

456265 Bike 456265 Bike	I Disagree - with that logic how many streets are driveways are to many? The project is more than just .9 miles and more than just Indian Head Park. The fear of removing trees, bushes and berms was used many times with the Acacia Drive project - which not hurt any of those, and the sidewalk and road look great now. Fear mongering is the only avenue for those who resist change. I Disagree. Safety and accessibility are far more important than charm. 456265 Bike	I Disagree - there is always a reason to resist change, and this change is for pedestrian safety. What is with these nutty IHP residents.	Community Follow Up	377734	369955	11/5/2023			
456265 Bike	Sidewalk needed for safety	Community Follow Up	377761	369989	11/6/2023			
456266 Safety	In the initial Wolf Road study it was stated that communities with pedestrian accommodations add to the walkability and livability of those communities. I would agree with this so yes, a sidewalk along Wolf Road would achieve this. The previous Indian Head Park Administration extrapolated this statement to lead people to believe that in addition to the sidewalk a mixed-use path and a TWLTL should be added. Surveys done by IHP showed that residents want to improve walkability. There was never a survey done asking about the addition of a mixed-use path as well as a TWLTL. I contend that residents would not want their children to walk to school along a road used by 65 foot and 80,000 pound trucks!	Initial Comment	456266	369695	10/31/2023			
456266 Safety	Agree 100%. Improve walkability and safety	Community Follow Up	377763	369989	11/6/2023			
urcas lika	These comments are excerpted from the 7/12/21 meeting between Strand Associates/Cook County DOT/Village of IHP: One goal of the initial coordination meeting is to solicit support from IDOT and FHWA regarding whether a potential design exception for the number of travel lanes required would be supported. Between the I-294 NB Off-Ramp and Joliet Rd, 4 travel lanes are warranted (2 in each direction). For the rest of the corridor, only 2 travel lanes are warranted (1 in each direction). The potential design exception to be requested would be to propose the section of Wolf Rd between the I-294 NB Off-Ramp and Joliet Rd with 2 travel lanes. Exhibits were prepared to highlight the impacts of the 4 travel lanes, documenting potential impacts to the Lyonsville Cemetery, Flagg Creek Golf Course, the VillageåC**S Triangle Redevelopment Area, residential properties, & other minor side streets. It was acknowledged that the 4-lane section would likely face public opposition. It was acknowledged that approval of this potential design exception would not be granted at this initial coordination meeting, but it would still be a good opportunity to present the item to gain feedback from IDOT and FHWA. So I ask, would not be the section to the state of the section of the fellow.		ALCOCA.	2000	40/04/2023	2		
456267 Idea 456267 Idea	how did the project turn into a 2 lane road south of Joliet Rd and a 3-5 lane road north of Joliet Rd? I Disagree	Initial Comment Community Follow Up	456267 377896	369695 190598	10/31/2023 11/8/2023	-2	1	3
456267 Idea	Improve the first entrance at Tecumseh and Cochise by removing dead evergreens and planting seasonal flowers. Remove Stop sign coming down the hill and replace with Yield sign.		377567	369825	11/3/2023			
	maybe the entrance/exit should be removed at this area. Many cars going north on Wolf illegally cross

	Our home is one of nearly 20 driveways/streets on the west side of Wolf Road between Plainfield Rd and 79th street. We happen to be directly across from the entrance/exit to/from Acacia Drive from/to Wolf Road. Exiting our driveway is already difficult and dangerous under the current configuration. Adding a multi-use path on the west side of Wolf Road would NOT enhance safety, it would reduce it. There would be nearly 20 other driveways or streets on the west side of Wolf Road between Plainfield and 79th. Cyclist, pedestrian and homeowners would not be safe with a multi-use path on Wolf Road. A sidewalk on Wolf Road for pedestrians does make sense in conjunction with a reduction of the current speed limit and limitations on semi-truck usage. Adding a two-way path to nowhere increases risk to all.					<i>-</i> 2	0

456300 Safety	I Disagree - there are plans to have a sidewalks and bike paths along both sides of Plainfield and Joliet Roads. Of course it takes time to build a sake pedestrian access world.	Community Follow Up	377687	369907	11/4/2023			
456301 Trees	What will the impact be on the trees along Wolf Rd.	Initial Comment	456301	369833	11/3/2023	1	1	0
	More trees may reduce the increasingly loud noise from the Tollway. It is often difficult to enjoy our front and back yards, as well as our deck. Having a conversation is often difficult outside due to the roar							
456301 Trees	of the tollway. I think the IHP Village Board has been forward thinking and wonderful in budgeting for enhanced	Community Follow Up	377706	369928	11/4/2023			
	landscaping when Wolf Road is rebuilt. The current landscaping is a few good trees with mostly invasive species dominating the corridor. A thoughtfully planned streetscape will make IHP more beautiful than							
456305 Trees	anyone ever imagined and the pedestrian and bike lanes will be glorious.	Initial Comment	456305	368963	11/4/2023	1	1	0
456305 Trees 456305 Trees	100% agree. I Agree	Community Follow Up	377666	369901	11/4/2023			
456307 Pedestrians	It seems that 99% of any complaints and opposition to the project are residents of IHP. Why do the residents of Willow Springs and Burr Ridge not complain? It seems like the Wolf Road Advocacy group got some of the IHP residents whipped up into being against change and progress. It also seems like the Last IHP village board elections were all about trying to stop the Wolf Road project. I have faith that the County will do what they have stated in the Connecting Cook plan and improve pedestrian access all across the County - even in IHP. There are many reasons to improve pedestrian access; safety, health, environmental, and on and on.	Community Follow Up	377688 456307	369907 369907	11/4/2023	2	2	0
456307 Pedestrians 456307 Pedestrians	l Agree - in Burr Ridge we see the value of safe pedestrian access. The reason WS and BR have not been vocal as of yet is because this project was initially coordinated by the previous IHP admin, who also arbitrarily extended the project to include widening down to 79th. The same people were likely fine with putting a warehouse/truck depot on the LTHS land. There is 0% chance these 2 topics are not connected.	Community Follow Up	377729 377794	369955 369956	11/5/2023	-	_	
.55507 Tedestrians	I Agree and to address the last comment, the County extended the project to 79th street - I checked.	Community rollow op	3,7734	303330	11/0/2023			
456307 Pedestrians	Facts are a good thing, making stuff up is not a good thing. I also checked the village board did not take a position on the LTHS land, other than to defer to Willow Springs and their board, as it is and will always be a Willow Springs issue. Facts matter. 	the second secon							
	I frequent multiple businesses in this shopping center. It is very difficult to exit northbound on Wolf							
	Road from either of the exits on the east side. The one exit is near the Flagg Creek Golf Course							
	entrance/exit. Most drivers coming out of it seem unaware there are cars pulling out of the shopping							
	center. The other exit is close to the 294 /Wolf Rd exit which has been closed for a while. When it was							
	open, cars barely stopped before turning on to Wolf Road.							
	Parking is already very limited in the shopping center. If the road is widened and results in less parking, I							
	am afraid some those businesses will fail.							
	Exiting the shopping center onto Joliet Road is almost as bad. The cars coming off I-55 and I-294 often							
	don't reduce speed. It's hard to get over to the left turn lane to go north on Wolf if there are a lot of cars							
	stopped at the light or waiting to make a left turn. Even pulling out and heading straight east on Joliet							
456308 Safety	isn't easy.	Initial Comment	456308	369909	11/4/2023	1	1	0
	Entering and exiting the Salon Suites parking lot is already hard to do. Adding turn lanes might help, but							
456309 Safety	expanding to 4 lanes of traffic will likely make things even worse.	Initial Comment	456309	369909	11/4/2023	3	3	0
	I Agree business are already too close to the street. Adding lane just makes things worse. And parking							
	gets eliminated, in bussinesses that already do not have enough parking. Less parking less business							
	traffic bankrupt business.							
	Now no businesses so there will be no need for extra lane after the land is built.							
	Problem is allowing businesses to build with to little parking.
